While Anna struggles with her new identity, the Shepherds mission continues. But a mistake is made. One that may compromise one of their own. At the same time, their opposition intensifies, as Special Agent Jack Randall of the FBI returns from the cold to become the head of the investigation. He quickly monopolizes on the Shepherds mistake and zeros in on the band of assassins. But even if he manages to capture one, will the other Shepherds allow it? With the General refusing to back down, and the White House under increased pressure to defeat them, the Shepherds soon find themselves face-to-face with Jack Randall, and the outcome is like nothing either party expected.
