guide the proper procurement of private contractor through the bidding. Since quality inspection system is also proposed in this Guideline, this guideline shall be deemed as a part of the CM Guideline.

[Challenging Arbitrators in Brazil: a Practical Guideline](#)

08-01-2022 · The Center for Studies and Research in Arbitration from the University of São Paulo (“CEPArb-USP”) has recently made public the findings of its pioneer empirical research on challenges of arbitrators in domestic proceedings in Brazil. The initiative analyzed data from challenges in proceedings administered by the Câmara de Mediação e Arbitragem Empresarial – ...
