European Union Law The real reason for the emergence of this book is that it is hard to find resources to explain complex issues of the EU Law in plain language, which makes it very difficult for those taking an interest, in particular law students. Moreover, many years of teaching experience in this subject and seeing students experience difficulties is the key driver behind this book. This book does not repeat material that is available in many textbooks that are in print. Rather, it endeavours to present every topic in plain language and concludes every chapter with a fictitious explanatory sample case. In other words, it is an introduction to the subject of EU Law, the objective of which is to explain the topic both theoretically and in its application dimension. Additionally, this book will assist students to prepare for coursework/examinations. At the end of the book there is also a test that summarizes all the subjects contained in the book, which is appropriate to the first stage SQE (Solicitors Qualifying Examination) examination model that will be introduced in September 2021. EU Law Book by Dr Çınar is different than other textbooks in the market, as it is designed to make sense of a complex area of law in a simple yet comprehensive way. The book contains materials relating to EU law with all the notable cases and materials collected in one place. It is written in plain language in the form of question and answers. At the end of each chapter, there is a case study which helps to put theory into practice. EU Law is accessible, readable and user- friendly. I would recommend it without hesitation to legal scholars and practitioners. Dr Aysem Diker Vanberg, Senior Lecturer, University of Greenwich This clear and concise book provides a practical overview of EU law and will be an excellent study aid for law students. It explains the key topics of EU law in an accessible and engaging manner through a Q&A model and case studies that demonstrate how the law is applied. Dr Johanna Hoekstra, Lecturer, University of Essex The is an accessible, easy to read and very useful book covering all the essential areas of EU law making them easily understood. Dr Marios Costa, Senior Lecturer, City Law School, University of London CONTENTS: Abbreviations About the author Foreword CHAPTER I Introduction: History, Sources and Institutions CHAPTER II Enforcement in National Courts: Supremacy and Direct Effect CHAPTER III Enforcement in National Courts: Indirect Effect and State Liability CHAPTER IV Free Movement of Goods: Fiscal Barriers CHAPTER V Free Movement of Goods: Non-Fiscal Barriers CHAPTER VI Free Movement of Persons: Entry and Residence CHAPTER VII Free Movement of Persons: Employment, Social & Educational Rights CHAPTER VIII Freedom of Establishment CHAPTER IX Freedom to Provide Services CHAPTER X Competition Law: Collusion and Abuse of Dominance Summary: Sample Test Questions Answers Recommended Reading List Index

### EU Law

Law Express: Human Rights (Revision Guide) De euro had de landen van Europa dichter bij elkaar moeten brengen en voorspoed moeten brengen. Het tegenovergestelde is gebeurd. De crisis van 2008 bracht de feilen van de gezamenlijke munt aan het licht. De stilstand van Europa en haar slechte vooruitzichten zijn het resultaat van de fundamentele tekortkomingen van de eu: economische integratie zonder politieke eenwording, en een Europese structuur die de verschillen vergroot in plaats van verkleint. De vraag is dan ook: kan de euro worden gered? Joseph E. Stiglitz laat zien hoe ondoordacht het is dat de Europese Centrale Bank zich voornamelijk bezighoudt met het bestrijden van de inflatie en hij toont hoe bezuinigingen Europa hebben veroordeeld tot economische stilstand. Stiglitz schetst drie mogelijke toekomstscenario's. Het eerste behelst fundamentele veranderingen in de organisatie van de eurozone en in de maatregelen die de landen die het meest te lijden hebben krijgen opgelegd. Het tweede gaat uit van een doordacht uitgevoerde opheffing van de eu en het derde bestaat uit een totaal nieuw systeem dat uitgaat van een flexibele euro. Met brexit-nawoord!
