Saturday Review

SOCIOLOGY: THE ESSENTIALS, Tenth Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Monthly Record of Current Educational Publications

Education is a field sometimes beset by theories-of-the-day and with easy panaceas that overpromise the degree to which they can alleviate pressing educational problems. The two-volume Encyclopedia of Educational Theory and Philosophy introduces readers to theories that have stood the test of time and those that have provided the historical foundation for the best of contemporary educational theory and practice. Drawing together a team of international scholars, this invaluable reference examines the global landscape of all the key theories and the theorists behind them and presents them in the context needed to understand their strengths and weaknesses. In addition to interpretations of long-established theories, this work offers essays on cutting-edge research and concise, to-the-point definitions of key concepts, ideas, schools, and figures. Features: Over 300 signed entries by trusted experts in the field are organized into two volumes and overseen by a distinguished General Editor and an international Editorial Board. Entries are followed by cross references and further

reading suggestions. A Chronology of Theory within the field of education highlights developments over the centuries; a Reader's Guide groups entries thematically, and a master Bibliography facilitates further study. The Reader's Guide, detailed index, and cross references combine for strong search-and-browse capabilities in the electronic version. Available in a choice of print or electronic formats, Encyclopedia of Educational Theory and Philosophy is an ideal reference for anyone interested in the roots of contemporary educational theory.
