De hellebewoners maken per bus een uitstapje naar de hemel, maar niemand van hen wil er blijven. Hemel en hel passen niet bij elkaar, net zomin als goed en kwaad. Tussen beide bestaat een absolute scheiding. Lewis schrijft: 'Ik verzoek mijn lezers te bedenken dat dit verhaal een allegorie is. Het bevat natuurlijk een moraal, maar de in dit boek vertelde gebeurtenissen na de dood zijn slechts vrucht van de verbeelding: ze bedoelen niet een speculatie te zijn over wat ons werkelijk wacht.'

Every decision made impacts the future, and often in ways we cannot begin to comprehend. But what if you had the opportunity to alter the impact of an important decision without changing the decision itself? Odyssey of the Id explores such possibilities without losing sight of the ever-so-human and fallible nature of the people involved. The adventure begins with Before Its Time. In this first installment of Odyssey, a young man's well-meaning if misguided attempt to "save the world" brings together a disparate group of people, setting them on a quest they can barely believe is happening. Together they embark upon an adventure that will impact all of humanity; all the while, growing into that most special and unique bond that is family. Anthony McGuire is originally from Joshua, Texas. He currently lives in Amarillo with his life partner, Mary and five spoiled cats. He has an extensive background in software engineering and a strong interest in astronomy. His imagination is as vast as the sky he often prowls. His views of politics, social order and cultural idiosyncrasies borders on satirical- and that's when he's being serious! All of this comes together in his epic tale, Odyssey of the Id. To learn more about Odyssey, take a look at Tony's web site, VoidMaster.net.

Odyssey of the Psyche

This balanced, mainstream, totally up-to-date text is characterized by its focus on the connection between oneself and the social world. It teaches students "how" to think, rather than just "what" to think, draws the connection between objectivity and subjectivity in sociological research, and places an emphasis on the importance of diversity and the global perspective. Students have to navigate a world that is increasingly complex and confusing. SOCIOLOGY: YOUR COMPASS FOR A NEW WORLD will help them do just that. Bob Brym and John Lie wrote this book to show undergraduate students that sociology can help them make sense of their lives, however uncertain they may appear to be. By revealing the opportunities and constraints students face, the book helps them know themselves and see what they can become in this particular social and historical context.
