Twee succesvolle ondernemers die het softwarebedrijf signals opzetten en tot een succes maakten laten ons zien dat niet altijd meer beter is, maar dat je juist met minder meer kan bereiken. Rework is inspirerend en innoverend. Twee prettig tegendraadse succesvolle ondernemers benaderen complexe zaken heerlijk eenvoudig. Fried & Heinemeier Hansson zetten je aan het denken en helpen je op weg. Verplichte kost voor iedereen die ondernemer of ondernemend is.' Erwin Blom (Handboek Communities) Meer is niet altijd beter, juist met minder kan je meer bereiken. Fried en Hansson hanteren een eenvoudige bedrijfsfilosofie: hou het simpel, wees transparant en eerlijk. Met die filosofie in gedachten schreven ze dit boek: Rework is een no-nonsenseboek voor deze tijd. Fried en Hansson bewijzen dat een bedrijf heel succesvol kan worden zonder mission statement, zonder eindeloze vergaderingen, en met medewerkers die gewoon aan het einde van de dag naar huis gaan, in plaats van twaalf tot veertien uur op kantoor te zitten. In deze tijd is een goed idee meer waard is dan een duur consultancyrapport, informatie moet je delen, en naar je klant moet je

to your customers, and to your employees. Starting a business gives you an opportunity to earn a higher income and have a flexible schedule. At the same time, it allows you to help other people by creating jobs. Since the advent of the Internet, starting a business has become easier and more cost-effective. Unlike with businesses that require a physical location, such as brick-and-mortar stores, online businesses only require you to have a computer and an Internet connection. There is no more need for you to rent an office space or a warehouse for your merchandise. Depending on where you live and the licenses and permits necessary for homebased businesses, you may be able to store your merchandise in your garage or basement. Instead of spending hundreds of dollars for rent, you only have to spend about five dollars for a Web hosting account and about ten dollars for a domain name. There is no more need for you to wait for weeks or months for your store to be set up. In just a few hours, you can begin your online business. This book contains proven steps and strategies on how to successfully start an online business regardless of whether one has previous experience or not. This is not a guide to help you choose an online business - this is a guide to what you should and should not do to make it successful. Not only will we cover the starting phase, but we will also cover the do's and don'ts when it comes to promoting

That's right I've been on the Internet since 1993. I have worked with several hundred businesses, from entrepreneurs and small businesses to Fortune 100 companies, including 3M, Dell, Advanced Micro Devices (AMD), the University of Texas at Austin, and Hyundai Steel USA. NONE of my books are about making money online by clicking a button. All of that stuff you read online from the "gurus" is total garbage. There is no easy, fast way to make millions. Sorry. If that's what you're looking for, look elsewhere for people who will lie to you and take your money. I'm not going to do that. My passion is taking the mystery out of the Internet and explaining in clear, easy-to-understand terms how to make money online. Wat Steve Jobs was voor Apple is Jeff Bezos voor Amazon. Bezos werkte als dikbetaalde Wall Street-handelaar, maar durfde in de begindagen van het internet opnieuw te beginnen als ondernemer met een magazijn in zijn garage. Die gok werd beloond. Zijn bedrijf Amazon maakte in de afgelopen twintig jaar een onwaarschijnlijke groei door: van online boekhandel naar 's werelds grootste warenhuis. Brad Stone beschrijft de fascinerende geschiedenis van Bezos als ondernemer en laat zien hoe de ontwikkeling van het bedrijf vervlochten is met diens grootse ideeën over competitie en innovatie. Hij sprak met Bezos zelf en met groot aantal (voormalige) Amazon-medewerkers en geeft als eerste een inkijkje in een bedrijfscultuur van gedurfde investeringen en meedogenloze ambitie. Mr. Amazon is een genuanceerd en onthullend portret van dit fascinerende bedrijf en zijn excentrieke oprichter.

"The critical, yet sometimes missed out on things in starting your venture!" We all, at one point or the other, have fostered the idea of starting our own business. A lot of ideation, brainstorming, deliberation and preparation goes into it, and somewhere amidst all that hard work and excitement, the adrenaline rush is so high that we miss out on the supposedly common wisdom on how to go about the whole process. This book talks about those tiny nuggets, the common wisdom that is sometimes ignored, and sometimes even compromised upon. Every year you see more and more entrepreneurs venturing out into the unknown, despite being fully aware that the journey is going to be arduous, tedious,

extremely difficult, and full of unforeseen challenges. One of the prime reasons behind them doing so is the fact that despite all those hardships, the overall process is one of the most enjoyable, memorable, and yet enriching experiences you would be having in your professional life. It accelerates your learning process, takes your career up a few notches in a really short period of time, and inculcates into you qualities that you never even knew you possessed, or could develop. But as with most of the new pathways, you would stumble multiple times during the course of the journey, and even find yourself unable to do things the way you think they should be done. Some of these setbacks you would be able to shrug off, some others would bring you down to your knees - albeit whether this 'being brought down to your knees' is temporary or permanent is something that will solely depend on you. This book makes an attempt to tell you of a number of scenarios you would be facing during the course of your startup, and make a recommendation on how to proceed for most of the scenarios, if not all. And if you are on the fence over the decision on whether to go for this book or not, let me ask you a few questions: Would you not prefer to be aware of some of the challenges that lie ahead of you? And if possible, know how to get past them once they do pose you in due course? What if you had some idea as to the bottlenecks you can face, the reasons why you would be possibly facing

them, and how could you possibly avoid them (or at least get out of the jam)? There would be a lot of times when you would be posed with a question in the early stages of your startup, and the answer though right in front of you, wouldn't just feel right. Does it not make sense to see what are the supporting arguments behind each option at such junctures and then make an informed decision? This book does exactly all that; it makes an attempt to touch-base on all points that goes on in your mind - be it as a startup founder, or as someone who is just contemplating to start on his own. Things that go on in your mind, things that you try talking to your friends and colleagues about - this book does that for you. It would act as that friend and converse with you on those very lines.

Waarom we in de toekomst minder verkopen van meer. Wat gebeurt er wanneer de mogelijkheden eindeloos lijken te zijn, wanneer alles beschikbaar wordt voor iedereen en het verschil tussen vraag en aanbod er niet langer toe doet? Door de komst van internet is onze wereld veranderd en werden nieuwe waarheden over consumentengedrag onthuld. Chris Anderson, hoofdredacteur van Wired Magazine, beschrijft in de inmiddels verworven klassieker *The Long Tail* de businessmodellen van winkels als Amazon.com, Bol.com en iTunes en laat zien waarom we in de toekomst minder zullen verkopen van meer. Doorbreek de tirannie van de grootste gemene deler, ontdek het geheim van de lange staart! 'Dit is een echte managementklassieker.
