Market value - Wikipedia Canadian public debt - Wikipedia

Market value - Wikipedia Market value or OMV (Open Market Valuation) is the price at which an asset would trade in a competitive auction setting. Market value is often used interchangeably with open market value, fair value or fair market value, although these terms have distinct definitions in different standards, and differ in some circumstances.

Canadian public debt - Wikipedia Canadian government debt (also called Canada's "public debt") is the liabilities of the government sector. For 2020 (the fiscal year ending 31 March 2021), the market value of financial liabilities, or gross debt, was \$2,852 billion (\$74,747 per capita) for the consolidated Canadian general government (federal, provincial, territorial, and local governments combined).
