The Wars of the Roses In this new edition of The Wars of the Roses, A.J. Pollard has incorporated new research and consideration of the debates which have emerged from the first edition.

Wars of the Roses: Margaret of Anjou A riveting account of the Wars of the Roses, focusing on the human side of the story. The war between the houses of Lancaster and York for the throne of England was characterized by treachery, deceit and, at St. Albans, Blore Hill and Towton, some of the bloodiest and most dramatic battles on England's soil. Between 1455 and 1487, the royal coffers were bankrupted and the conflict resulted in the downfall of the House of Lancaster and the House of York, and the emergence of the illustrious Tudor dynasty. Alison Weir's lucid and gripping account focuses on the human side of history, on the people and personalities involved in the conflict. At the centre of the book stands Henry VI, the pious king whose mental instability led to political chaos: Richard Plantagenet, Duke of York and Henry's rival; and most important of all, Margaret of Anjou, Henry's wife who took up arms in her husband's cause and battled for many years in a violent man's world.

The Wars of the Roses

The Wars of the Roses John Ashdown-Hill, whose research was instrumental in the discovery of Richard III's remains, offers a meticulous and engaging insight into the famous Wars of the Roses.

The Wars of the Roses The brilliant retelling of the Wars of the Roses continues with Margaret of Anjou, the second gripping novel in the new series from historical fiction master Conn Iggulden. As traitors advance . . . a queen defends. It is 1454 and for more than a year King Henry VI has remained all but exiled in Windsor Castle, struck down by his illness, his eyes vacant, his mind blank. His fiercely loyal wife and queen, Margaret of Anjou, safeguards her husband's interests, hoping that her son Edward will one day come to know his father. With each month that Henry is all but absent as king, Richard, the duke of York, protector of the realm, extends his influence throughout the kingdom. A trinity of nobles--York and Salisbury and Warwick--are a formidable trio and together they seek to break the support of those who would raise their colors and their armies in the name of Henry and his queen. But when the king unexpectedly recovers his senses and returns to London to reclaim his throne, the balance of power is once again thrown into turmoil. The clash of the Houses of Lancaster and York may be the beginning of a war that could tear England apart . . . Following Stormbird, Margaret of Anjou is the second epic installment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of the Game of Thrones and the Tudors series will be gripped from the word "go."

The Wars of the Roses This is the first modern scholarly study of north-eastern England during the Wars of the Roses. For a fleeting period in the late fifteenth century, the North dominated England: it was both the adopted home and the power base of Richard III. But this is more than simply an account of the rise and fall of the last Plantagenet as the Lord of the North. A. J. Pollard analyses regional politics and the interrelationship between province and centre from the beginning of the Neville-Percy feud in the 1450s to the establishment of Tudor authority by 1500. Themes explored include Anglo-Scottish relations, local government, the structure of landed society, the wealth, power, and the outlook of lords and gentry, and the economy of the region. Dr Pollard sets political history in the context of the period, and paints a detailed portrait of lay society, based on intensive research among local records. He shows that, contrary to some recent views, the North-East was in certain significant respects more feudal, more conservative and, by the early sixteenth century, poorer than the South-East of England.

From Wakefield to Towton Explore the Captivating History of the Wars of the Roses! The Wars of the Roses were a complex set of battles, skirmishes, and kidnappings during the 15th century in England. They had their roots in the nearby Civil War of France, which greatly influenced English politics for years to come. Though there is no one universally-accepted start or end date for these wars, the major events throughout the wars occurred between 1455 and 1485. The central reason for the Wars of the Roses, otherwise referred to as the 15th century English Civil War, was a tug-of-war between two families for the throne of England. Though both families were in fact closely related, they had split half a century earlier. Instead of one unified Plantagenet family, the cousins became Lancasters and Yorks. While the Lancasters remained on the throne, the Yorks were overlooked in the succession of kings. The Yorks became jealous, given their equal relation to England's ancient monarchy, and when the Plantagenet-Lancaster dynasty appeared tragically weakened by the succession of Henry VI, the royal cousins took the opportunity to demand a new ruler. In The Wars of the Roses: A Captivating Guide to the English Civil Wars That Brought down the Plantagenet Dynasty and Put the Tudors on the Throne, you will discover topics such as A Short History of the House of Plantagenet Civil War in France England's Loss and a King's Illness Treason by the Duke of York The Battle of Northampton Margaret's Army Mortimer's Cross and the Battle of Towton York Takes the Throne The King in the Tower The Kingmaker Repents The Battles of Barnet and Tewkesbury The Death of a King The Final Plantagenet Kings Richard III and the Princes in the Tower The Battle of Bosworth The Foundation of the Tudor Dynasty Attempts on the Tudor Throne The Sainthood and Cult of King Henry VI The Legacy of the Wars of the Roses And much, much more! So if you want to learn more about the Wars of the Roses, click "add to cart"!

Lancaster and York "The Wars of the Roses were a series of dynastic wars fought between supporters of two rival branches of the royal House of Plantagenet: the houses of Lancaster and York (whose heraldic symbols were the red and the white rose, respectively) for the throne of England. They were fought in several sporadic episodes between 1455 and 1485, although there was related fighting both before and after this period. They resulted from the social and financial troubles following the Hundred Years' War. The final victory went to a relatively remote Lancastrian claimant, Henry Tudor, who defeated the last Yorkist king Richard III and married Edward IV's daughter Elizabeth of York to unite the two houses. The House of Tudor subsequently ruled England and Wales for 117 years."--Wikipedia.

Wars of the Roses: Trinity An illustrated collection of over 100 essays on the English people, politics, manners, customs and mores.

The Hollow Crown This authoritative A-Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved. * More than 275 entries and over 40 illustrations * A map of the Wars of the Roses battle sites * Guide to related topics, chronology, and genealogies * Table showing the involvement of the higher peerage in the Wars of the Roses * List of Popes and English church leaders in the 15th century * List of selected websites for 15th century topics

The Wars of the Roses Chronicles the struggles of the Lancaster and York families to control the British monarchy, while offering profiles of such figures as Katherine of Valois, Elizabeth Wydeville, and Margaret of Anjou

The Wars of the Roses First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

The Military Campaigns of the Wars of the Roses De twee machtigste families van Engeland staan lijnrecht tegenover elkaar 1454: koning Henry VI leeft in ballingschap op kasteel Windsor en hij is al meer dan een jaar geveld door ziekte. Richard, de hertog van York, maakt misbruik van de situatie en probeert zijn invloed in het koninkrijk te vergroten. Met de graven van Salisbury en Warwick vormt hij een formidabele drie-eenheid. Samen strijden ze tegen eenieder die het waagt op te komen voor koning Henry en zijn vrouw, koningin Marguerite van Anjou. Als de koning echter onverwacht beter wordt en zijn troon opeist, barst er een machtsstrijd los. Deze strijd, tussen de huizen Lancaster en York, leidt onvermijdelijk tot een oorlog die Engeland zal verscheuren Conn Iggulden is een van de succesvolste schrijvers van historische fictie. De Rozenoorlogen, de oorlog tussen de huizen York en Lancaster, vormden eveneens de inspiratie voor de serie Game of Thrones. Iggulden woont in Hertfordshire met zijn vrouw en kinderen. 'Meesterlijk geplot en verteld.' The Times Het drievoudig verbond is het tweede deel van de fenomenale serie De Rozenoorlogen, waarin twee families Engeland in een gruwelijke burgeroorlog doen belanden die dertig jaar zal duren. Een sensationele, niet te missen serie voor de liefhebbers van Game of Thrones en opwindende, historische verhalen.

North-eastern England During the Wars of Roses A new assessment of the battle for the English throne: "All readers interested in late medieval history will appreciate this" (Library Journal). The Wars of the Roses (1455-85) were a major turning point in English history. But the underlying causes for the successive upheavals have been hotly contested by historians ever since. In this original and stimulating new synthesis, distinguished historian Michael Hicks examines the difficult economic, military, and financial crises and explains, for the first time, the real reasons why the conflicts between the House of Lancaster and the House of York began, why they kept recurring, and why, eventually, they ceased. Alongside fresh assessments of key personalities, Hicks sheds new light on the significance of the involvement of the people in politics, the intervention of foreign powers in English affairs, and a fifteenth-century credit crunch. Combining a meticulous dissection of competing dynamics with a clear account of the course of events, this is a definitive and indispensable history of a compelling, complex period.

The Wars of the Roses The Wars of the Roses, which tore apart the ruling Plantagenet family in fifteenth-century England, was truly a domestic drama, as fraught and intimate as any family feud before or since. But as acclaimed historian Sarah Gristwood reveals, while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne, a handful of powerful women would prove just as decisive as their kinfolks' clashing armies. A richly drawn, absorbing epic, Blood Sisters reveals how women helped to end the Wars of the Roses, paving the way for the Tudor age—and the creation of modern England.

Wars of the Roses: Bloodline Each of these lavishly illustrated books serves up a brief and manageable portion of the Fraser-edited and much-touted Lives of the Kings and

Queens of England. A set of six jewels for Fraser's crown.

The Wars of the Roses During the fifteenth century England was split in a bloody conflict between the Houses of York and Lancaster over who should claim the crown. The civil wars consumed the whole nation in a series of battles that eventually saw the Tudor dynasty take power. In *A Brief History of the Wars of the Roses*, Desmond Seward tells the story of this complex and dangerous period of history through the lives of five men and women who experienced the conflict first hand. In a gripping narrative the personal trials of the principal characters interweave with the major events and personalities of one of the most significant turning points in British history.

Wars of the Roses: Bloodline Frequently remembered only as a period of military history which both saw the French beat the English and then the English fight amongst themselves, traditional historians have tended to regard The Wars of the Roses as an episode that wrecked England's military greatness. John Gillingham's highly readable history separates the myth from the reality. He argues that, paradoxically, the Wars of the Roses demonstrate how peaceful England in fact was. From the accession of the infant Henry VI to the thrones of England and France in 1422 to the accession of Henry VII following the Battle of Bosworth in 1485, Gillingham uses his gift for graphic description (particularly with his exciting account of the 1471 campaign) to great effect. He is also good at placing the warfare within its European context, especially in showing the problems encountered in conducting a civil war within a normally peaceful country. The Wars of the Roses is an irresistible account of a fascinating period of history that makes available to a much wider audience the work of historians of recent decades. Praise for John Gillingham 'incisively written and highly readable' - Sunday Times John Gillingham is Emeritus Professor of Medieval History at the London School of Economics and Political Science. On 19 July 2007 he was elected into the Fellowship of the British Academy. He is renowned as an expert on the Angevin empire. His other titles include *Oliver Cromwell: Portrait of a Soldier*.

The Wars of the Roses Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-based textbooks which spoon-feed students while failing to enthuse them or develop deeper understandings of studying History. The Schools History Project has risen to this challenge with a new series for the next generation. *Enquiring History* is SHP's fresh approach to Advanced Level History that aims: - To motivate and engage readers - To help readers think and gain independence as learners - To encourage enquiry, and deeper understanding of periods and the people of the past - To engage with current scholarship - To prepare A Level students for university Key features of each Student book - Clear compelling narrative - books are designed to be read cover to cover - Structured enquiries - that explore the core content and issues of each period - Feature panels between enquiries provide context, overview, and extension - Full colour illustrations throughout This volume *The Wars of the Roses* covers the political history of England from 1450-1485. The content is gathered into ten discrete enquiries (for example - Why was London full of rebels in 1450? - Was Edward IV a success second time round? - How certain can we be about why Richard III took the crown?) which together help examine the fundamental paradox of this period: People at the time did not want civil war, and for the nobles loyalty to the monarch was all important yet wars happened and kings were deposed. So the central question is If loyalty was so important and people in England did not want civil war, why did the Wars of the Roses happen? A question worth answering! Web-based support includes - lesson planning tools and activities for teachers - Dynamic eBooks for whole class teaching or individual student reading - Exam advice for each specification Check out this sample chapter to see what you're missing.

The Wars of the Roses Here for the first time in a single volume is the full account of all seventeen battles of the Wars of the Roses with an emphasis on the strategy and tactics employed. Illustrated with a selection of newly commissioned and contemporary illustrations.

A Brief History of the Wars of the Roses Part of a series of evidence-based history books, covering central themes in the curriculum for the 11-16 age group, this book covers the Wars of the Roses.

Henry VI, Margaret of Anjou and the Wars of the Roses The Wars of the Roses was a complicated, bloody affair between the houses of Lancaster and York, and witnessed much changing of sides. That disjointed feuding persisted for a staggering thirty years and was a north versus south affair. However, the period and conflicts covered by this title are refreshingly clear. An intriguing tale of treachery and deceit.

The Wars of the Roses Recounts the origins of the quarrel within the English royal family called the Wars of the Roses, the rise and fall and rise again of Lancaster and York, the deaths of the Princes in the Tower, and how Henry Tudor became king, and discusses the effect of the war on English history

The Chronicles of the Wars of the Roses THE EPIC HISTORICAL NOVEL FROM BESTSELLING AUTHOR CONN IGGULDEN - FANS OF GAME OF THRONES AND WOLF HALL WILL BE HOOKED. 'Superbly plotted and paced' The Times Winter 1461. Richard Duke of York is dead, his ambitions in ruins, his head spiked on the walls of the city. King Henry VI is still held prisoner. His Lancastrian Queen rides south with an army of victorious northerners, accompanied by painted warriors from the Scottish Highlands. With the death of York, Margaret and her army seem unstoppable. Yet in killing the father, Margaret has unleashed the sons. Edward of March, now Duke of York, proclaims himself England's rightful king. Through blood and treason, through broken men and vengeful women, brother shall confront brother, king shall face king. Two men can always claim a crown. But only one can keep it. Praise for the Wars of the Roses series: 'Pacey and juicy, and packed with action' Sunday Times 'Energetic, competent stuff; Iggulden knows his material and his audience' Independent 'A novel that seamlessly combines narrative, historical credence and great knowledge of the period' Daily Express 'A page-turning thriller' Mail on Sunday

Encyclopedia of the Wars of the Roses

The Wars of the Roses The brilliant retelling of the Wars of the Roses continues with *Trinity*, the second gripping novel in the new series from historical fiction master, Conn Iggulden. 1454: King Henry VI has remained all but exiled in Windsor Castle, struck down by his illness for over a year, his eyes vacant, his mind a blank. His fiercely loyal wife and Queen, Margaret of Anjou, safeguards her husband's interests, hoping that her son Edward will one day know the love of his father. Richard Duke of York, Protector of the Realm, extends his influence throughout the kingdom with each month that Henry slumbers. The Earls of Salisbury and Warwick make up a formidable trinity with Richard, and together they seek to break the support of those who would raise their colours in the name of Henry and his Queen. But when the King unexpectedly recovers his senses and returns to London to reclaim his throne, the balance of power is once again thrown into turmoil. The clash of the Houses of Lancaster and York will surely mean a war to tear England apart Following on from *Stormbird*, *Trinity* is the second epic instalment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of *Game of Thrones* and *The Tudors* will be gripped from the word go. Praise for *Stormbird*: "Pacey and juicy, and packed with action". (Sunday Times). "Energetic, competent stuff; Iggulden knows his material and his audience". (Independent). "A novel that seamlessly combines narrative, historical credence and great knowledge of the period". (Daily Express). "A page-turning thriller". (Mail on Sunday). "Superbly plotted and paced". (The Times). Conn Iggulden is one of the most successful authors of historical fiction writing today. Following on from *Stormbird*, the Sunday Times best-seller, *Trinity* is the second book in his superb new series set during the Wars of the Roses, a remarkable period of British history. His previous two series, on Julius Caesar and on the Mongol Khans of Central Asia, describe the founding of the greatest empires of their day and were number one bestsellers. Conn Iggulden lives in Hertfordshire with his wife and children.

The Wars of the Roses This book presents a truly coherent account of the Wars of the Roses.

Het drievoudig verbond Originally published in 1915, this book presents an examination of the struggle between Lancaster and York from the standpoint of Wales and the Marches. The text demonstrates the unique role of the region in the development of the conflict, revealing a more formidable and decisive influence than generally believed. It is also notable for using Welsh poets from the period as authorities, with a chapter being devoted to discussing their value as historical sources. Detailed notes are incorporated throughout. Genealogical tables, maps and a bibliography are also included. This book will be of value to anyone with an interest in the Wars of the Roses and Welsh history.

Wales and the Wars of the Roses Explores the events of the Wars of the Roses through the eyes of the key players. Discover the personalities behind the fight for the throne.

The Wars of the Roses The Mediaeval and Modern History of England are divided from one another by the Wars of the Roses. Out of the troubles of that time a New England arose. The period has been described by the historian Stubbs in a memorable passage: "Weak as is the fourteenth century, the fifteenth is weaker still, more futile, bloodier, and more immoral." But out of the weakness came strength. The Wars of the Roses were a rough schooling to England, but they ushered in the glories of the Tudor reigns. It was a period when in Europe national states were slowly being evolved. The Wars of the Roses were a series of dynastic wars fought between supporters of two rival branches of the royal House of Plantagenet: the houses of Lancaster and York (whose heraldic symbols were the red and the white rose, respectively) for the throne of England. They were fought in several sporadic episodes between 1455 and 1485. This work includes the several Battles that occurred along the years of the dispute of the throne of England.

The Castle in the Wars of the Roses This book is also available as part of the Men-at-Arms series as no. 145: 'Wars of the Roses'. Much myth and fantasy surrounds the events of the Wars of the Roses: a bloody and prolonged dynastic struggle between the houses of York and Lancaster. Terence Wise's fascinating text lays bare the real story, and examines the armies, liveries and badges of the conflict. The author's readable account provides a comprehensive guide as to who fought whom, where, when, why and for what, from the origins of the Wars to such famous battles as Tewkesbury and Bosworth. The accompanying photographs, illustrations and colour plates by Gerry Embleton clearly detail the arms, armour and standards of the time.

Blood Sisters The Wars of the Roses raged from 1455 to 1485 - the longest period of civil war in English history. They barely affected the daily routine of the civilian population, yet for the leaders of the opposing houses of York and Lancaster, the wars were devastating. First hand accounts reveal how the lives of their women and children were blighted during three decades of war, as many of their male relatives met with violent deaths. This book examines in detail the causes, course and results of each of the main wars and concludes with a fascinating insight into why the wars ended so abruptly.

The Wars of the Roses The Wars of the Roses (1455-85) were a major turning point in English history. But the underlying causes for the successive upheavals have been hotly contested by historians ever since. In this original and stimulating new synthesis, distinguished historian Michael Hicks examines the difficult economic, military, and financial crises and explains, for the first time, the real reasons why the Wars of the Roses began, why they kept recurring, and why, eventually, they ceased. Alongside fresh assessments of key personalities, Hicks sheds new light on the significance of the involvement of the people in politics, the intervention of foreign powers in English affairs, and a fifteenth-century credit crunch. Combining a meticulous dissection of competing dynamics with a clear account of the course of events, this is a definitive and

indispensable history of a compelling, complex period.

Enquiring History: The Wars of the Roses: England 1450-1485

The Wars of the Roses The first major study of the role of the castle in the Wars of the Roses. The Wars of the Roses is one of the most dramatic and fascinating periods in medieval history. Much has been written about the leading personalities, bitter dynastic rivalries, political intrigues, and the rapid change of fortune on the battlefields of England and Wales. However, there is one aspect that has been often overlooked, the role of castles in the conflict. Dan Spencer's original study traces their use from the outbreak of civil war in the reign of Henry VI in the 1450s to the triumph of Henry VII some thirty years later. Using a wide range of narrative, architectural, financial and administrative sources, he sheds new light on the place of castles within the conflict, demonstrating their importance as strategic and logistical centers, bases for marshaling troops, and as fortresses. Dan Spencer's book provides a fascinating contribution to the literature on the Wars of the Roses and to the study of siege warfare in the Middle Ages.

The Wars of the Roses The author of Powers and Thrones and presenter of Netflix's Secrets of Great British Castles offers a vivid account of the events that inspired Game of Thrones and Shakespeare's Henry IV and Richard III. Discover the real history behind The Hollow Crown: The Wars of the Roses, the PBS Great Performance series of Shakespeare's plays, starring Judi Dench, Benedict Cumberbatch, Sofie Okenedo and Hugh Bonneville. The crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to The Plantagenets, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors. Some of the greatest heroes and villains of history were thrown together in these turbulent times, from Joan of Arc and Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, to Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses. "If you're a fan of Game of Thrones or The Tudors then Dan Jones' swashbucklingly entertaining slice of medieval history will be right up your alley... Every bit as entertaining and readable as his previous blockbuster The Plantagenets." – Daily Express

The Wars of the Roses Indisputably the most effective general of the Wars of the Roses, Edward IV died in his bed, undefeated in battle. Yet Edward has not achieved the martial reputation of other warrior kings such as Henry V - perhaps because he fought battles against his own people in a civil war. It has also been suggested that he lacked the personal discipline expected of a truly great commander. But, as David Santiuste shows in this perceptive and highly readable new study, Edward was a formidable military leader whose strengths and subtlety have not been fully recognized. This reassessment of Edward's military role, and of the Wars of the Roses in which he played such a vital part, gives a fascinating insight into Edward the man and into the politics and the fighting. Based on contemporary sources and the latest scholarly research, Edward IV and the Wars of the Roses brings to life an extraordinary period of English history.

The Wars of the Roses The brilliant retelling of the Wars of the Roses continues with Bloodline, the gripping third novel in the new series from historical fiction master Conn Iggulden. Winter 1461: Richard, duke of York, is dead—his ambitions in ruins, his head spiked on the walls of the city. King Henry VI is still held prisoner. His Lancastrian queen, Margaret of Anjou, rides south with an army of victorious northerners, accompanied by painted warriors from the Scottish Highlands. With the death of York, Margaret and her army seem unstoppable. Yet in killing the father, Margaret has unleashed the sons. Edward of March, now duke of York, proclaims himself England's rightful king. Factions form and tear apart as snow falls. Through blood and treason, through broken men and vengeful women, brother shall confront brother, king shall face king. Two men can always claim a crown—but only one can keep it. Following Margaret of Anjou, Bloodline is the third epic installment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of the Game of Thrones and the Tudors series will be gripped from the word "go."

Edward IV and the Wars of the Roses 'The Hollow Crown is exhilarating, epic, blood-and-roses history . . . Jones's material is thrilling . . . There is fine scholarly intuition on display here and a mastery of the grand narrative: it is a supremely skilful piece of storytelling.' Sunday Telegraph The fifteenth century saw the crown of England change hands seven times as the great families of England fought to the death for power, majesty and the right to rule. The Hollow Crown completes Dan Jones' epic history of medieval England, and describes how the Plantagenets tore themselves apart to be finally replaced by the Tudors. Some of the greatest heroes and villains in British history were thrown together in these turbulent times: Henry V, whose victory at Agincourt and prudent rule at home marked the high point of the medieval monarchy; Edward IV, who was handed his crown by the scheming soldier Warwick the Kingmaker, before their alliance collapsed into a fight to the death; and the last Plantagenet, Richard III, who stole the throne and murdered his own nephews, the Princes in the Tower. Finally, the Tudors arrived - but even their rule was only made certain in the 1520s, when Henry VIII ruthlessly hunted down his family's last remaining enemies. In the midst of this tumult, chivalry was reborn, the printing press arrived and the Renaissance began to flourish. With vivid descriptions of the battle of Towton, where 28,000 men died in a single morning, and the Battle of Bosworth Field, at which Richard III was hacked down, this is the real story behind Shakespeare's famous history plays.

Lancastrians and Yorkists "Westeros is probably closer to medieval Britain than anything else." George R.R. Martin, creator of Game of Thrones Kings who were insane, infant or imprisoned; feuding families, disputed successions and monarchs executing their brothers; exiled nobles, war with France and enemies forced to unite against a common foe - the history of the Wars of the Roses is so filled with drama that it feels like fiction. In fact, it has inspired fiction. As Game of Thrones author George R.R. Martin said: "I've drawn on many parts of history, but the Wars of the Roses is probably the one A Song Of Ice and Fire is closest to." Telling the story of the fifteenth century wars between Lancastrians and Yorkists, The Wars of the Roses follows the course of the conflict from the succession of infant King Henry VI right through to the defeat of rebellions under Henry VII. Its protagonists were twisted by their conflicting loyalties of blood, marriage and, above all, ambition. From mad Henry VI captured in battle to the mystery of the 'Princes in the Tower' and the truth behind Richard III's deformity, the book is a lively account of more than 30 tumultuous years. Illustrated with more than 200 colour and black-and-white photographs, artworks and maps, The Wars of the Roses reveals the scheming and betrayal, the skullduggery and murder behind the struggle to gain power - and then hold on to it.
